

Subject Index to Volume 233 (January-June 2001)

A

- Abdominal surgery, elective, colon protein synthesis, 39
- Abdominal wounds, optimal method of wound closure for dirty abdominal wounds, 409
- Abdominoperineal extirpation, for rectal cancer, quality of life, 149
- Editorial*, 157
- Acellular dermal matrix, porcine acellular dermal matrix as dermal substitute in rats, 400
- Acidity, intraluminal pH profile of denervated stomach used as esophageal substitute, 509
- Activities of daily living, after inguinal herniorrhaphy, questionnaire study at one year, 1
- Adenocarcinoma
 - Barrett's, 322
 - gastric, cyclooxygenase expression in, 183
- Adenoma, ileal pouch, after restorative proctocolectomy for familial adenomatous polyposis, 360
- Adhesion molecules
 - intracellular adhesion molecules, blockade of cell surface expression of ICAM-1, lung injury in acute pancreatitis, 213
 - Mac-1 and L-selectin expression on neutrophils in acute pancreatitis, 371
- Age/aging, outcomes of pancreas transplantation, 463
- Ampicillin, effect of prophylactic single-dose ampicillin-sulbactam on wound infection in inguinal hernia repair, 26
- Anatomy, internal jugular vein, after carotid endarterectomy, 282
- Angioplasty, virtual hepatic resection using 3-D reconstruction of helical CT angioplastograms, 221
- Animal studies
 - acute pancreatitis after reticuloendothelial system blockade in opossum, 528
 - beta cell-specific gene therapy for insulinoma-induced hypoglycemia (mice), 603
 - bone marrow norepinephrine release and monocytopenia after burn injury with sepsis (mice), 266
 - effect of duodenectomy on gastric motility and gastric hormones (dogs), 353
 - enteral nutrition and organ injury after gut ischemia-reperfusion (mice), 660
 - fibrin sealant for prosthetic mesh fixation in laparoscopic extraperitoneal inguinal hernia repair (pig), 18
 - liver transplantation after organ preservation with normothermic extracorporeal liver perfusion (pig), 114
 - lung injury in acute pancreatitis, blockade of cell surface expression of ICAM-1 (mice), 213
 - molecular mechanisms of necrotizing enterocolitis (rat), 835
 - monocytopenia after thermal injury and sepsis (mice), 97
 - nitric oxide and oxygen free radicals in acute pancreatitis (rat), 195
 - parenteral nutrition and mucosal IgA-mediated immunity (mice), 134
 - porcine acellular dermal matrix as dermal substitute in rats, 400

- promoting effect of diet in DMBA-induced ductal pancreatic cancer (rat), 688
- Antibiotic therapy
 - clinafloxacin vs. imipenem/cilastatin for intraabdominal infection, 79
 - effect of prophylactic single-dose ampicillin-sulbactam on wound infection in inguinal hernia repair, 26
 - effect of prospective randomized trials on outcomes of intraabdominal infection, 859
- Antibody(ies), surgical exposure to bovine thrombin, 88
- Anticoagulation
 - heparin thromboprophylaxis in colorectal surgical patient, 438
 - iliofemoral deep vein thrombosis, 752
- Antimicrobial therapy, prophylactic enteral fluconazole in critically ill surgical patient, 542
- Appendectomy, in Sweden, 455
- Editorial*, 461
- Appendicitis, in Sweden (*Editorial*), 461
- Arginase, mononuclear cell expression and activity after trauma, 393
- Asian population, liver transplantation in chronic hepatitis B using lamivudine prophylaxis, 276

B

- Barrett's esophagus, adenocarcinoma, 322
- Barrett's metaplasia, in esophageal remnant, 509
- β -Blockers, oxygen consumption in hyperthyroidism, 60
- Bile leakage, after liver resection, 45
- Biliary tract, adult living donor liver transplantation without venous bypass but allowing duct-to-duct biliary reconstruction, 502
- Biomarkers, breast cancer prognosis, 630
- Biopsy
 - breast, hematoma-directed ultrasound-guided biopsy, 669
 - sentinel node. *See* Sentinel node biopsy.
- Bloodstream infection, impact on outcomes among infected surgical inpatients, 549
- Bone marrow
 - bone marrow norepinephrine release and monocytopenia after burn injury with sepsis (mice), 266
 - monocytopenia after thermal injury and sepsis (mice), 97
- Bone mineral content, growth hormone therapy and post-burn osteopenia, 827
- Book reviews, 594
- Breast biopsy
 - impact of core needle breast biopsy on surgical management of mammographic abnormalities, 769
 - stereotactic core needle biopsy vs. surgical excision for mammographic abnormalities, 537
- Breast cancer
 - diagnosis, stereotactic core biopsy vs. surgical excision, 537
 - interferon regulatory factor expression, 623
 - prognosis, biomarkers, 630

- sentinel node biopsy
 - dermal injection of radioactive colloid, 676
 - isosulfan blue plus technetium sulfur colloid technique, 51
 - ultrasound-guided lumpectomy for palpable infiltrating ductal cancer, 761
 - Breast lesion
 - biopsy, hematoma-directed ultrasound-guided biopsy, 669
 - impact of core needle breast biopsy on surgical management of mammographic abnormalities, 769
 - Budd-Chiari syndrome, current management options, 522
 - Burns
 - bone marrow norepinephrine release and monocytopoiesis after burn injury with sepsis (mice), 266
 - growth hormone and burn-induced catabolism and osteopenia, 827
 - pediatric, anabolic effects of oxandrolone, 556
 - porcine acellular dermal matrix as dermal substitute in rats, 400
 - Burn sepsis
 - bone marrow norepinephrine release and monocytopoiesis after burn injury with sepsis (mice), 266
 - monocytopoiesis after (mice), 97
- C**
- Cachexia, muscle cachexia, intracellular mechanisms and molecular regulation, 9
 - Calcium/calpain pathway, muscle cachexia, 9
 - Cancer. *See also specific organs*
 - muscle cachexia, intracellular mechanisms and molecular regulation, 9
 - PET scanning in malignancy: infant, adolescent, or mature citizen (*Editorial*), 320
 - Cardiac surgery
 - exposure to bovine thrombin, immunologic response and clinical outcomes, 88
 - outcomes of coronary artery bypass surgery, 617
 - Carotid endarterectomy, internal jugular vein anatomy and patency after, 282
 - Case-fatality rate, appendectomy in Sweden, 455
 - Catheters/catheterization, surgical infection, 867
 - c-erbB-2*, breast cancer prognosis, 630
 - Chemoembolization, preoperative transcatheter arterial chemoembolization and hepatectomy for portal vein thrombus in hepatocellular carcinoma, 379
 - Chemoimmunotherapy, sequential resection plus, for unresectable hepatocellular carcinoma, 236
 - Chemoradiation, neoadjuvant chemoradiation for rectal cancer, 778
 - Chemotherapy, neoadjuvant, esophageal cancer, FDG-PET response evaluation, 300
 - Cholangiocarcinoma, lymph node metastasis from hilar cholangiocarcinoma, 385
 - Cholecystectomy, success of clinical pathway for outpatient laparoscopic cholecystectomy, 704
 - Choledochocholedochostomy, choledochocholedochostomy with/without T tube in liver transplantation, 432
 - Clinafloxacin, for intraabdominal infection, 79
 - Clinical pathway
 - management of unstable patients with pelvic fractures, 843
 - outpatient laparoscopic cholecystectomy, 704
 - Clinical trials, effect of prospective randomized trials on outcomes of intraabdominal infection, 859
 - Coagulation parameters, surgical exposure to bovine thrombin, 88
 - Colon, protein synthesis, surgical trauma and, 39
 - Colorectal cancer
 - hepatic resection for colorectal cancer metastases after FDG-PET staging, 293
 - IL-12-enhanced oncolytic HSV therapy, 819
 - matrix metalloproteinases in carcinogenesis, J-17
 - recurrent, cost-effectiveness of FDG-PET in management, 310
 - sentinel node mapping, 515
 - Colorectal surgery, postoperative deep vein thrombosis, heparin thromboprophylaxis, 438
 - Complement system, Mac-1 and L-selectin expression on neutrophils in acute pancreatitis, 371
 - Computed tomography, virtual hepatic resection using 3-D reconstruction of helical CT angioportograms, 221
 - Coronary artery bypass
 - outcomes, relation of financial status and demographics, 617
 - robotically-assisted coronary artery bypass grafting, 725
 - Creatinine, serum level, right-sided donor nephrectomy, 645
 - Critical care
 - prophylactic enteral fluconazole in critically ill surgical patient, 542
 - vancomycin-resistant enterococcal colonization and infection in critically ill, 259
 - Crohn's disease
 - bowel wall morphology and risk of recurrence in, 345
 - laparoscopic surgery, conversion to open procedure, 733
 - Culture studies
 - MMP-2 overexpression in transversalis fascia fibroblasts in inguinal hernia, 287
 - vancomycin-resistant enterococcal colonization and infection in critically ill, 259
 - Cyclooxygenase(s)
 - in gastric adenocarcinoma, 183
 - inducible (COX-2), in necrotizing enterocolitis (rat), 835
- D**
- Decision analysis, cost-effectiveness of FDG-PET in management of recurrent colorectal cancer, 310
 - Deep vein thrombosis
 - colorectal surgical patient, heparin thromboprophylaxis, 438
 - iliofemoral, 752
 - Demographics
 - outcomes of coronary artery bypass surgery, 617
 - outcomes of pancreas transplantation, 463
 - surgical infections, 867
 - DEXA scan, growth hormone therapy and post-burn osteopenia, 827
 - Diet, promoting effect of diet in DMBA-induced ductal pancreatic cancer (rat), 688
 - Drug therapy, drug screening of DPC4 tumor-suppressor pathway in pancreatic cancer cells, 66
 - Duodenectomy, effect on gastric motility and gastric hormones (dogs), 353
 - Duodenogastroesophageal reflux, columnar lined esophagus, 34
- E**
- Economic issues

- cost-effectiveness of FDG-PET in management of recurrent colorectal cancer, 310
- outcomes of coronary artery bypass surgery, 617

Editorials

- appendicitis in Sweden: quality results, 461
 - groin pain after hernia repair, 8
 - PET scanning in malignancy: infant, adolescent, or mature citizen, 320
 - quality of life after abdominoperineal extirpation or anterior resection for rectal cancer, 157
- Education, improving continuing medical education for surgical techniques, 159
- Endoscopy, robotically-assisted endoscopic coronary artery bypass grafting, 725
- Energy metabolism, energy metabolism of children with systemic inflammatory response syndrome and sepsis, 581
- Enteral feeding, organ injury after gut ischemia-reperfusion (mice), 660
- Enterococcus, vancomycin-resistant enterococcal colonization and infection in critically ill, 259

Esophageal cancer

- molecular biology of Barrett's adenocarcinoma, 322
 - neoadjuvant therapy, response evaluation by FDG-PET, 300
- Esophageal substitute, denervated stomach, 509
- Esophagectomy, reduced death and complication rates, 338
- Esophagus, columnar lined, duodenogastroesophageal reflux, 34
- Extremity, lower, arterial reconstruction, impact of increasing comorbidity, 445

F

- Familial adenomatous polyposis, restorative proctocolectomy, ileal pouch adenomas, 360
- FDG-PET. *See* [¹⁸F]fluoro-2-deoxy-D-glucose-positron emission tomography
- Fibrin sealant, prosthetic mesh fixation in laparoscopic extraperitoneal inguinal hernia repair (pig), 18
- Fibroblasts, MMP-2 overexpression in transversalis fascia fibroblasts in inguinal hernia, 287
- Fluconazole, enteral, prophylactic use in critically ill surgical patient, 542
- [¹⁸F]fluoro-2-deoxy-D-glucose-positron emission tomography
- hepatic resection for colorectal cancer metastases after FDG-PET staging, 293
 - in recurrent colorectal cancer, 310
 - response to neoadjuvant therapy of esophageal cancer, 300
- 5-Fluorouracil, neoadjuvant chemoradiation for rectal cancer, 778
- Fracture
- pelvic, clinical pathway for unstable pelvic fractures, 843
 - spine, early vs. late fixation, 851
- Frozen section analysis, follicular thyroid neoplasms, 716
- Fungus infection, prophylactic enteral fluconazole in critically ill surgical patient, 542

G

- Galli-Curci, Amelita, injury to superior laryngeal branch of vagus during thyroidectomy: lesson or myth, 588
- Gastric banding, laparoscopic gastric banding for morbid obesity, 809
- Gastric cancer

- cyclooxygenase expression in, 183
 - surgical management, hematogenous metastasis, 189
- Gastric motility, effect of duodenectomy (dogs), 353
- Gastroesophageal reflux disease, duodenogastroesophageal reflux and columnar lined esophagus, 34
- Gene therapy, beta cell-specific gene therapy for insulinoma-induced hypoglycemia (mice), 603
- Genetics
- drug screening of DPC4 tumor-suppressor pathway in pancreatic cancer cells, 696
 - matrix metalloproteinases in colorectal carcinogenesis, 786
 - molecular biology of Barrett's adenocarcinoma, 322
- Geriatric population
- appendectomy in Sweden, 455
 - "limited" parathyroidectomy, 612
 - liver transplantation, 107

H

- Helicobacter pylori* infection, in gastric cancer, cyclooxygenase expression, 183
- Hematoma, hematoma-directed ultrasound-guided breast biopsy, 669
- Hemodynamics, changes during laparoscopic surgery, intermittent sequential pneumatic compression device, 176
- Hemorrhage, clinical pathway for unstable pelvic fractures, 843
- Heparin, prophylaxis, deep vein thrombosis in colorectal surgical patient, 438
- Hepatectomy. *See also* Liver resection
- assessment of liver volume, virtual hepatic resection using 3-D reconstruction of helical CT angiograms, 221
 - preoperative transcatheter arterial chemoembolization and hepatectomy for portal vein thrombus in hepatocellular carcinoma, 379
 - without total vascular exclusion, 167
- Hepatitis B
- liver transplantation in, lamivudine prophylaxis, 276
 - reactivation of hepatitis B virus replication after liver resection, 139
- Hepatocellular carcinoma
- liver transplantation, 652
 - portal vein tumor thrombus, preoperative transcatheter arterial chemoembolization and hepatectomy for, 379
 - unresectable, chemoimmunotherapy and sequential resection for, 236
 - venous invasion, predictive value of serum vascular endothelial growth factor, 227
- Hernia, inguinal, MMP-2 overexpression in transversalis fascia fibroblasts, 287
- Herniorrhaphy, inguinal
- effect of prophylactic single-dose ampicillin-sulbactam on wound infection, 26
 - groin pain after (*Editorial*), 8
 - laparoscopic, fibrin sealant for prosthetic mesh fixation in (pig), 18
 - pain and functional impairment one year after, 1
- Herpes simplex virus, IL-12-enhanced oncolytic HSV therapy for colorectal cancer, 819
- Hilar cholangiocarcinoma, lymph node metastasis, 385
- Historical perspective, injury to superior laryngeal branch of vagus during thyroidectomy: the case of Amelita Galli-Curci, 588

Hormones, gastric, effect of duodenectomy (dogs), 353

Hyperparathyroidism

primary, "limited" parathyroidectomy in geriatric population, 612

radioguided parathyroidectomy (*letter*), 453

recurrent disease after parathyroidectomy, 65

Hyperthyroidism, oxygen consumption, β -blockade vs. thyrostatic treatment, 60

Hypoglycemia, beta cell-specific gene therapy for insulinoma-induced hypoglycemia (mice), 603

I

ICAM-1. *See* Adhesion molecules

Iliofemoral deep vein thrombosis, 752

Immune response, in chronic pancreatitis, 365

Immunity, parenteral nutrition and mucosal IgA-mediated immunity (mice), 134

Immunologic response, surgical exposure to bovine thrombin, 88

Immunomodulation, IL-12-enhanced oncolytic HSV therapy for colorectal cancer, 819

Infants, energy metabolism in systemic inflammatory response syndrome and sepsis, 581

Infection

impact of bloodstream infection on outcomes among infected surgical inpatients, 549

intraabdominal

clinafloxacin vs. imipenem/cilastin for, 79

effect of prospective randomized trials on outcomes, 859

prophylactic enteral fluconazole in critically ill surgical patient, 542

reactivation of hepatitis B virus replication after liver resection, 139

surgical infections, 867

vancomycin-resistant enterococcal colonization and infection in critically ill, 259

Inferior vena cava, resection of, 242

Inflammation/inflammatory disease, cellular immunodysfunction in chronic pancreatitis, 365

Insulin

plasma level, effect of duodenectomy (dogs), 353

survival of isolated islets of Langerhans, 124

Insulinoma, beta cell-specific gene therapy for insulinoma-induced hypoglycemia (mice), 603

Interferon regulatory factors, in breast cancer, 623

Interleukin-12, IL-12-enhanced oncolytic HSV therapy for colorectal cancer, 819

Intermittent sequential pneumatic compression device, hemodynamic changes during laparoscopic surgery, 176

Intestinal metaplasia, in columnar lined esophagus, duodenogastroesophageal reflux and, 34

Intraabdominal infection

clinafloxacin vs. imipenem/cilastin for, 79

outcomes, effect of prospective randomized trials, 859

Ischemia, thrombotic acute intestinal ischemia, 801

Ischemia-reperfusion injury, enteral nutrition and organ injury after gut ischemia-reperfusion (mice), 660

Isosulfan blue dye

sentinel node mapping in colorectal cancer, 515

technetium sulfur colloid plus, sentinel node biopsy for breast cancer, 51

J

Jejunostomy, portal-enteric pancreas and kidney transplantation with venting jejunostomy, 639

Jugular vein, internal, anatomy and patency after carotid endarterectomy, 282

K

Ki-67 analysis, recurrent hyperparathyroidism after parathyroidectomy, 65

Kidney transplantation

portal-enteric pancreas and kidney transplantation with venting jejunostomy, 639

right-sided laparoscopic donor nephrectomy, 645

L

Lamivudine, prophylactic, liver transplantation in chronic hepatitis B, 276

Laparoscopy

hemodynamic changes during laparoscopic surgery, intermittent sequential pneumatic compression device, 176

improving continuing medical education for surgical techniques, 159

inguinal herniorrhaphy, fibrin sealant for prosthetic mesh fixation in (pig), 18

laparoscopic adjustable gastric banding for morbid obesity, 809

laparoscopic surgery for Crohn's disease, conversion to open procedure, 733

right-sided donor nephrectomy, 645

success of clinical pathway for outpatient laparoscopic cholecystectomy, 704

Laryngeal nerve, injury to superior laryngeal branch of vagus during thyroidectomy: lesson or myth, 588

Letters, 453

Liver resection

assessment of liver volume, virtual hepatic resection using 3-D reconstruction of helical CT angiograms, 221

bile leakage after, 45

hepatic resection for colorectal cancer metastases after FDG-PET staging, 293

liver resection without total vascular exclusion, 167

reactivation of hepatitis B virus replication, 139

sequential, preoperative chemioimmunotherapy and, for unresectable hepatocellular carcinoma, 236

Liver transplantation

adult living donor liver transplantation without venovenous bypass but allowing duct-to-duct biliary reconstruction, 502

for Budd-Chiari syndrome, 522

choledochocholedochostomy with/without T tube in liver transplantation, 432

in chronic hepatitis B, lamivudine prophylaxis, 276

in elderly population, 107

for hepatocellular carcinoma, 652

organ preservation with normothermic extracorporeal liver perfusion (pig), 114

small graft for living donor liver transplantation, 575

split-liver transplantation for two adult recipients, 565

Lumpectomy, ultrasound-guided lumpectomy for palpable infiltrating ductal breast cancer, 761

- Pain, after inguinal herniorrhaphy
Editorial, 8
 questionnaire study at one year, 1
- Pancreas transplantation
 combined total pancreatectomy and islet autotransplantation for end-stage chronic pancreatitis, 423
 insulin modulation of JNK and p38 stress-activated protein kinases in isolated islets of Langerhans, 124
 outcomes according to risk factors, surgical techniques, and immunosuppressive protocols, 463
 portal-enteric pancreas and kidney transplantation with venting jejunostomy, 639
- Pancreatectomy, combined total pancreatectomy and islet autotransplantation for end-stage chronic pancreatitis, 423
- Pancreatic cancer
 drug screening of DPC4 tumor-suppressor pathway in pancreatic cancer cells, 696
 promoting effect of diet in DMBA-induced ductal pancreatic cancer (rat), 688
- Pancreatitis
 acute
 adhesion molecule expression in, 371
 lung injury, blockade of cell surface expression of ICAM-1 (mice), 213
 nitric oxide and oxygen free radicals in (rat), 195
 phospholipase A2 isoforms in, 204
 reticuloendothelial system blockade in opossum, 528
 chronic
 combined total pancreatectomy and islet autotransplantation, 423
 immunodysfunction in, 365
 operative success, 793
- Parathyroidectomy
 "limited," in geriatric population, 612
 radioguided (*letter*), 453
 recurrent hyperparathyroidism after, 65
- Parenteral nutrition
 mucosal IgA transport (mice), 134
 organ injury after gut ischemia-reperfusion (mice), 660
- Pediatric population
 burn injury
 anabolic effects of oxandrolone, 556
 growth hormone therapy and post-burn muscle catabolism, 827
 energy metabolism of children with systemic inflammatory response syndrome and sepsis, 581
- Pelvic fracture, clinical pathway for unstable pelvic fractures, 843
- Percutaneous transluminal angioplasty, iliofemoral deep vein thrombosis, 752
- Peripheral vascular disease, impact of increasing comorbidity on infrainguinal reconstruction, 445
- Peritonitis, effect of prospective randomized trials on outcomes of intraabdominal infection, 859
- pH, intraluminal pH profile of denervated stomach used as esophageal substitute, 509
- Phospholipase A2 isoforms, in acute pancreatitis, 204
- Portal vein thrombus, in hepatocellular carcinoma, preoperative transcatheter arterial chemoembolization and hepatectomy for, 379
- Positive-pressure pneumoperitoneum, hemodynamic changes during laparoscopic surgery, intermittent sequential pneumatic compression device, 176
- Positron emission tomography. *See also* [^{18}F]fluoro-2-deoxy-D-glucose-positron emission tomography
 PET scanning in malignancy: infant, adolescent, or mature citizen (*Editorial*), 320
- Presidential address, odyssey of an academic surgeon, 597
- Proliferative index, recurrent hyperparathyroidism after parathyroidectomy, 65
- Propranolol, oxygen consumption in hyperthyroidism, 60
- Proteases, Mac-1 and L-selectin expression on neutrophils in acute pancreatitis, 371
- Protein kinase, stress-activated, survival of isolated islets of Langerhans, 124
- Protein metabolism, skeletal muscle, effects of oxandrolone in severely burned children, 556
- Protein synthesis, colonic, surgical trauma and, 39

Q

- Quality of life, abdominoperineal extirpation vs. anterior resection for rectal cancer, 149
Editorial, 157
